PROBLEMS AND LIFESTYLE OF HOMELESS

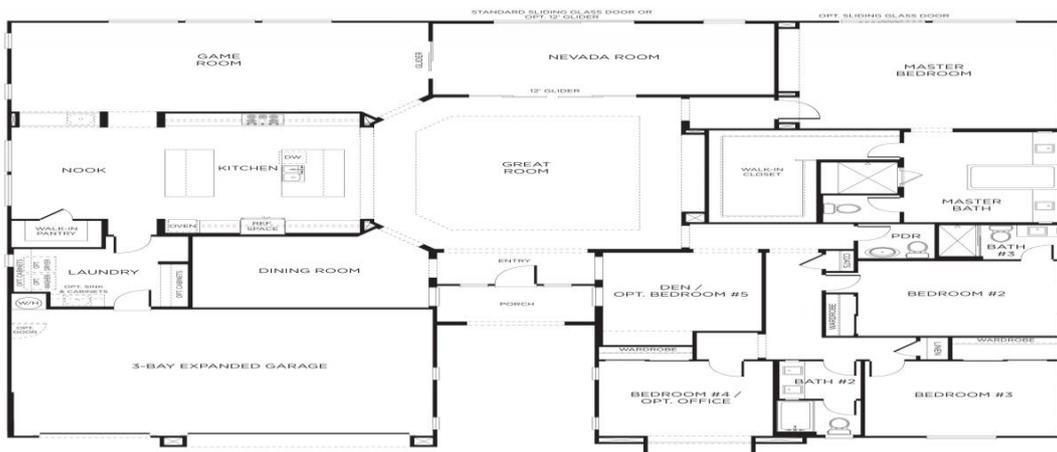

PEOPLE IN Hospitalet de Llobregat:

There are hundreds of people living on the streets of Hospitalet de Llobregat nowadays. They are facing many problems related to the food, shelter, health, money etc. For example they do not have any place to live and rest. They sleep inside metro stations, on footpaths, in bank's lobby, on the benches, in the parks and many other places. They usually eat leftovers or little food given by some kind human beings. Most of them are jobless. Some of them steal things while other beg all day in order to eat one time a day. Many of them are facing serious health issues due malnutrition, unhygienic body condition etc.

IDEA FOR HELPING HOMELESS:

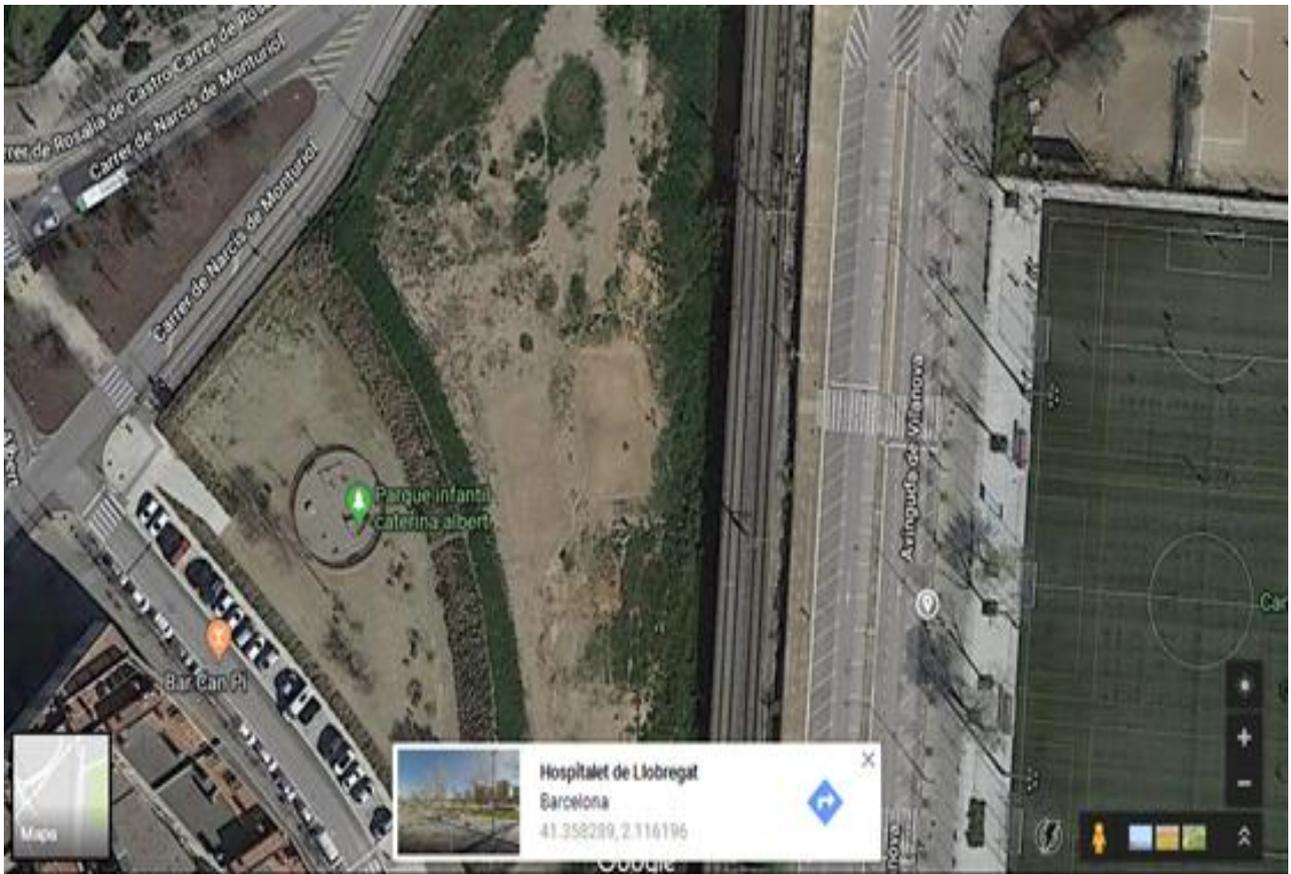

We have decided to help the homeless people on the street of Hospitalet de Llobregat by providing them safe and comfortable place to live, protect themselves from harsh weather conditions and harmful bacteria living on the streets of Hospitalet de Llobregat. Our purpose for help is that they can also lead a dignified life in this world like other human beings. But this can only be possible if you agree

with the conditions given at the end of the pamphlet.

-Basic structure of building that is being provided to homeless people.

LOCATION OF THE PLACE:

-Map of Hospitalet de Llobregat

We find this place suitable to build a house on it because shopping centres and ground for playing are near this place that are helpful for them to buy things and hospital is also near this place so they can easily have an access to the hospital while parks and different grounds can help them in maintaining their health. Here we can provide a house to 1,000 homeless people of Hospitalet de Llobregat

Survey regarding people living on streets of Hospitalet de Llobregat:

In Hospitalet de Llobregat there are 2,914 homeless people, of whom 941 sleep on the streets and 1,973 in municipal facilities or other entities. This has been counted, in a first scrutiny, the more than 900 volunteers who have participated the night of Wednesday to Thursday, from 12 to 2 in the morning.

Other Organizations working on this Project:
